

BUXTED WI SUMMER CREAM TEA – AUG 4th 2011

These are some of the photos taken at our summer outing. Weren't we glad we chose to have an indoor celebration rather than an outdoor garden party? The keen-eyed among you will spot the raindrops on the windows.

Please read our 2011 Monthly Reports section if you wish to know more about the event. The competition for a home-made hat was won by Shirley Isted (who could not be present – but her hat was modelled by one of our number, and photographs were taken of it). Sandra Hatswell won second prize (with a name like that she couldn't fail to win!).

Our president, Helen, (on the right of the photo) with Evelyn Smith in red. Two very special ladies wearing their special hats.

And one of us turned up for a completely different competition!

Waiting for our cream tea, and enjoying a jolly good natter.

The two prize-winning hats. **First:** created by Shirley Isted (unable to attend); **Second:** created and worn by Sandra Hatswell

And here are some of the other hats modelled by their talented creators:

And to the right are all the clever ladies modelling their wonderful hats.
